EDUCATION

- **KL University**

B.Tech-Computer Science & Engineering

Expected August 2028

- GPA: 9.31/10.0

TECHNICAL SKILLS

- **Programming Languages:** Java, SQL, JavaScript, C
- **Web Development:** HTML5, CSS3, JavaScript, React.js, JSP, Servlets
- **Databases:** MySQL, DynamoDB(Basics)
- **Clouds:** AWS, Microsoft Azure
- **Tools & Technologies:** Git, GitHub, REST APIs, Postman, Eclipse, VS Code, Linux, Jupyter Notebook, Google Colab
- **Core Concepts :** Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, MVC Architecture

PROJECT EXPERIENCE

- **Secure Banking Platform**

Technologies : Java , Servlets, JSP, MySQL

- Developed a secure full-stack banking web application serving simulated users with authentication and transaction management using Java Servlets and MySQL.
- Implemented **JDBC connectivity** and prepared statements to prevent SQL injection vulnerabilities.
- Designed **backend architecture using MVC** design pattern and DAO layer.

- **Random Quote Generator**

Technologies: React.js, JavaScript, REST API

- Spearheaded the development of a dynamic and responsive **web app** to generate **inspirational quotes**, enhancing user engagement and motivation.
- Leveraged **HTML, CSS, JavaScript, and React** to create an intuitive UI, improving performance and user experience.
- Integrated a **REST API** to source and display quotes in real-time, increasing content diversity and boosting user interaction.

- **Digital Password-Protected Door Lock System**

Technologies : Logisim

- Developed a **4-bit password-based door locking system** using combinational logic circuits for secure access control. Implemented **PIN verification logic** with an attempt counter to restrict unauthorized access and trigger an alert after multiple failures.
- Utilized **logic gates (AND, OR, XOR, NOT)** and **LED indicators** to simulate real-time lock and unlock operations.
- Enhanced understanding of combinational circuit design, hardware implementation, and troubleshooting techniques.

CERTIFICATIONS

- **Microsoft Azure AI Fundamentals (900)**
- **AWS Certified Cloud Practitioner**
- **AWS Certified AI Practitioner**
- **Cisco Introduction to Cybersecurity**

ACHIEVEMENTS

- **Solved 300+ Data Structures Algorithms problems on CodeChef**
- **Linguaskill English Proficiency – B1 Level**
- **Achieved 3 Problem Solving badge on HackerRank**

CODING PROFILES

- **CodeChef**
- **HackerRank**
